

I am against the merger of ATT and DTV! These companies are only looking to merge for their own personal gains. As they see it merging into a larger company will create more of a company so large that no one, even our own government will have trouble regulating. Allowing the merger of these two companies would be a huge mistake and an injustice of our legal system. The Sherman Act was put in place not to protect the companies but to protect the consumers from paying outrageous amounts for a service only offered by one company. By merging both ATT and DTV this would create a mega company who would dominate and crush all smaller companies. Please do not allow this merger for the sake of the people of The United States that you stand to protect.
