PLEASE help! I live in a more rural setting. At age 65 I am not so interested in much of the junk seen on TV today, BUT I LOVE THE FAMILY SHOWS ON RFD-TV / RURAL TV. The carrier I use for my TV viewing is DIRECTV. I would like to keep RFD-TV on BASIC and not be tiered. DIRECTV gets enough of my money already. This is one form of my entertainment, and living on a fixed income I just can't afford to pay more.

Please make RURAL INDEPENDENT PROGRAMMING a condition for approval of the proposed merger of AT&T and DIRECTV.
