In the Matter of Applications of AT&T Inc. and DIRECTV to Transfer Control of FCC Licenses and Other Authorizations. MB Docket No. 14-90

Dear Chairman Wheeler:

On behalf of the 12 million members of the AFL-CIO, I am writing in support of the proposed merger of AT&T and DIRECTV.

The AFL-CIO evaluates any proposed merger against two criteria. First, does the proposed merger serve the public interest? Second, does the proposed transaction serve the interests of the workers who will be affected by the merger? The proposed AT&T/DIRECTV merger is favorable on both counts.

For consumers, the AT&T/DIRECTV merger presents few anti-trust concerns since AT&T and DIRECTV primarily serve different markets. The combination of AT&T and DIRECTV will result in a stronger competitor to the dominant cable industry, providing consumers with more options, putting pressure on prices and improving service in the video market. Moreover, a merged AT&T/DIRECTV will provide consumers across the nation a one-stop shop for a bundled broadband/video service. In addition, the AT&T/DIRECTV merger will improve the economics for high-speed broadband expansion, which is critical to economic growth and job creation in rural and urban communities across our nation.

The AT&T/DIRECTV merger will also bring benefits to employees. AT&T respects the rights of its employees to make their own choice about union representation, and is now the largest full-time unionized employer in the US.

Letter to Chairman Wheeler
September 11, 2014
Page 2

Given AT&T's commitment to respecting the rights of its employees and the fact that a combined AT&T/DIRECTV will result in increased competition, we believe the AT&T/ DIRECTV merger will be in the best interest of both workers and consumers.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard L. Trumka". The signature is stylized and cursive, with a long horizontal stroke at the end.

Richard L. Trumka
