We have had DirecTV for close to 20 years. Don't plan to change but if RFD TV is dropped will find some where we can get it, about the only other choice here is DISH. A lot of RFD we don't watch as it is with all channels but on Wednesday, Friday, Saturday and Sunday they have good Classic Country music. About the only channel that does have GOOD country music. Would like for DirecTV to keep RFD TV where it is at.
