**RE: EX PARTE PRESENTATION**

GN Docket No. 12-268, *Expanding the Economic and Innovation Opportunities of Spectrum Through Incentive Auctions*

GN Docket No. 12-269, *Policies Regarding Mobile Spectrum Holdings*

Dear Ms. Dortch:

Competitive Carriers Association (CCA) submits the attached white paper, *Pricing in the 600 MHz Incentive Auction*, for consideration in these proceedings. As the FCC continues to craft its procedures for the planned 2015 incentive auction, the pricing elements of that auction – namely the reserve prices, the final stage rule, and upfront payment amounts – deserve special scrutiny, with an eye toward putting spectrum to its highest valued use for U.S. consumers' benefit.

This *ex parte* notification is being filed electronically with your office pursuant to Section 1.1206 of the Commission's Rules.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven K. Berry". The signature is fluid and cursive, with a long, sweeping tail on the letter "y".
