Dear FCC,

My name is Katie Veronin and I live in Provo, UT.

Net neutrality, the principle that Internet service providers (ISPs) treat all data that travels over their networks equally, is important to me because without it ISPs could have too much power to determine my Internet experience by providing better access to some services but not others.

A pay-to-play Internet worries me because ISPs could act as the gatekeepers to their subscribers.

The internet is important to me because as a culinary arts student in college, I want to be able to start up a cake and pastry business online, and help my friends with their businesses but that might not be as possible without net neutrality.

Sincerely,

Katie Veronin
