

**SPECIFICATION 75:**

**For all databases or data sets produced, describe in detail the relationship of the different tables in the database (e.g., an entity relationship diagram and all foreign keys) and produce documents sufficient to show the tables that are populated by the Company, and the following items for each table: (i) the size of the table in both number of records and bytes of information; (ii) the table name; (iii) a general description of the information contained in the table; (iv) a list of field names; (v) a definition for each field as it is used by the Company, including the meanings of all codes that can appear as field values; (vi) the format, including variable type and length, of each field; and (vii) the primary key in a given table that defines a unique observation.**

**Response to Specification 75:**

All non-privileged documents requested in the Commission's Request for Information will be submitted shortly following adjustments to reflect ongoing clarification discussions with Commission staff.
