SmarterSocket.com

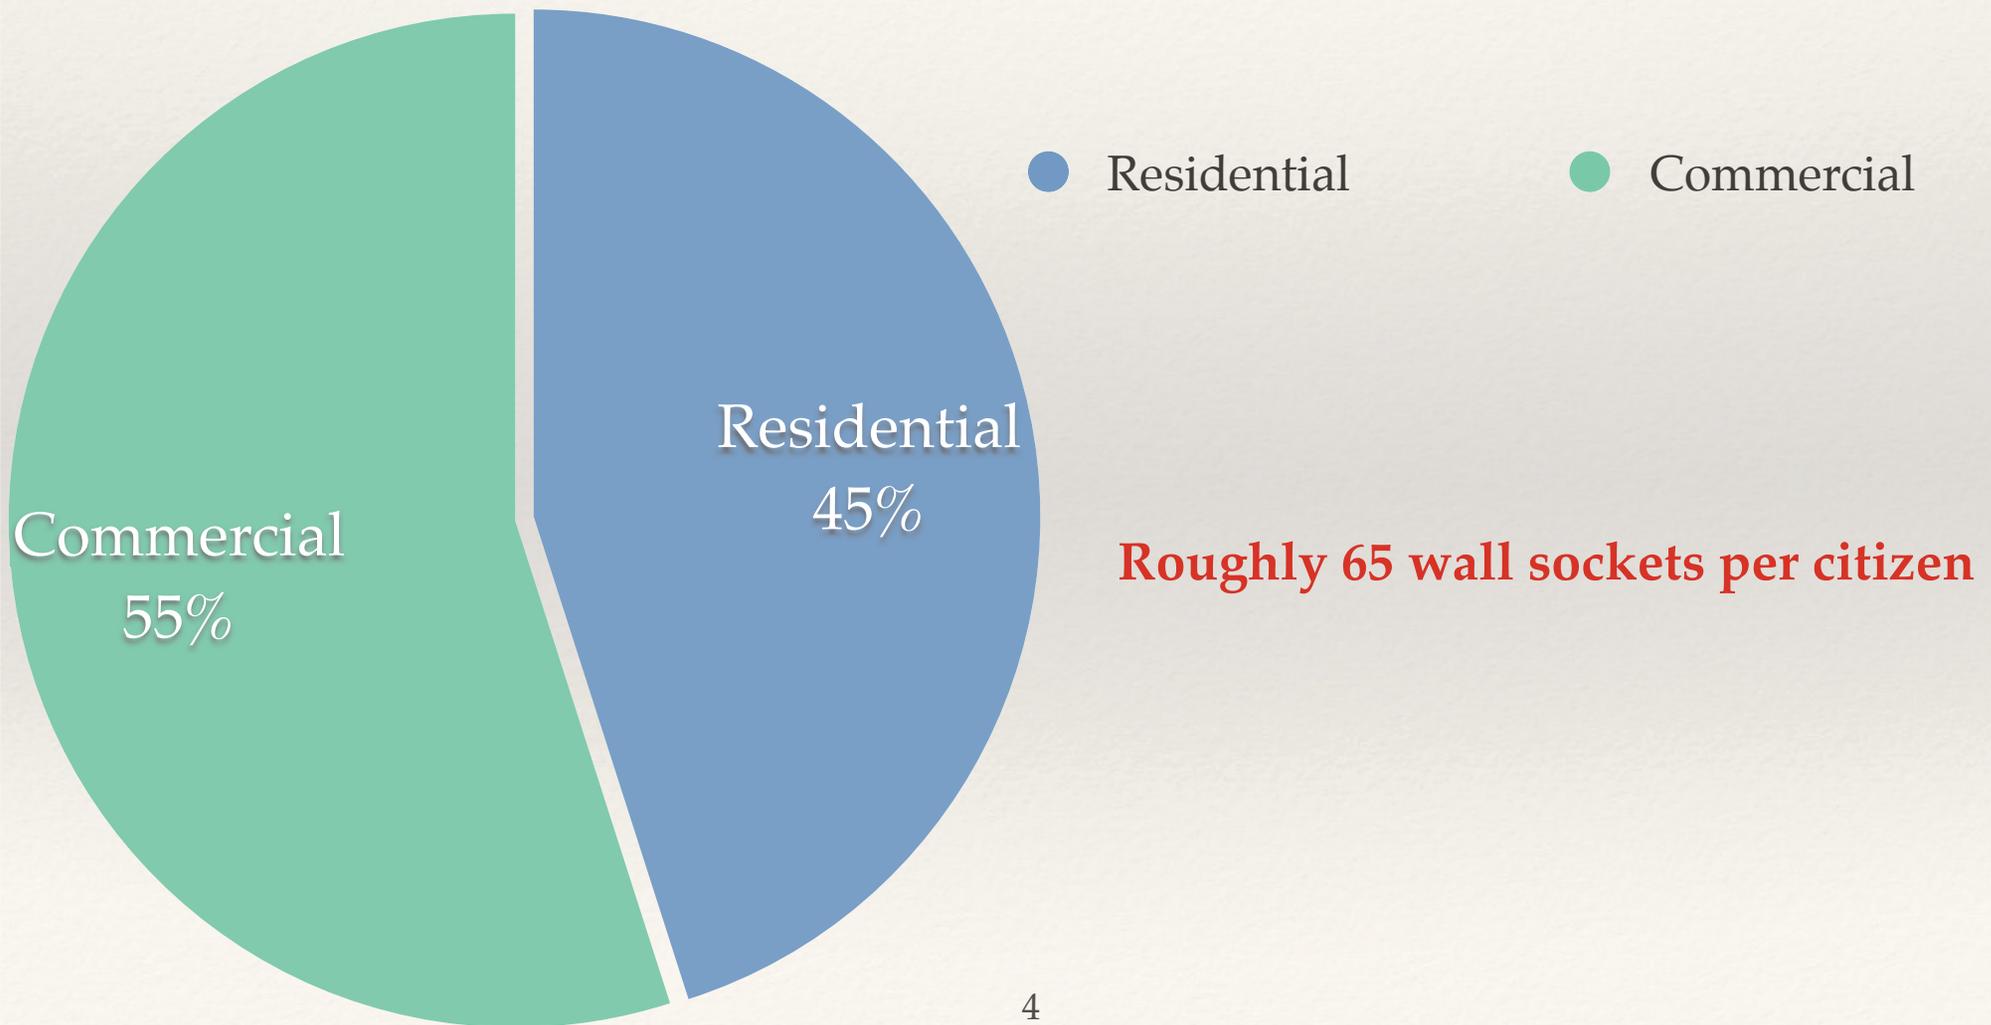

Your smartphone is in darkness indoors.

9-1-1! or Where is my child? or Where are my customers?

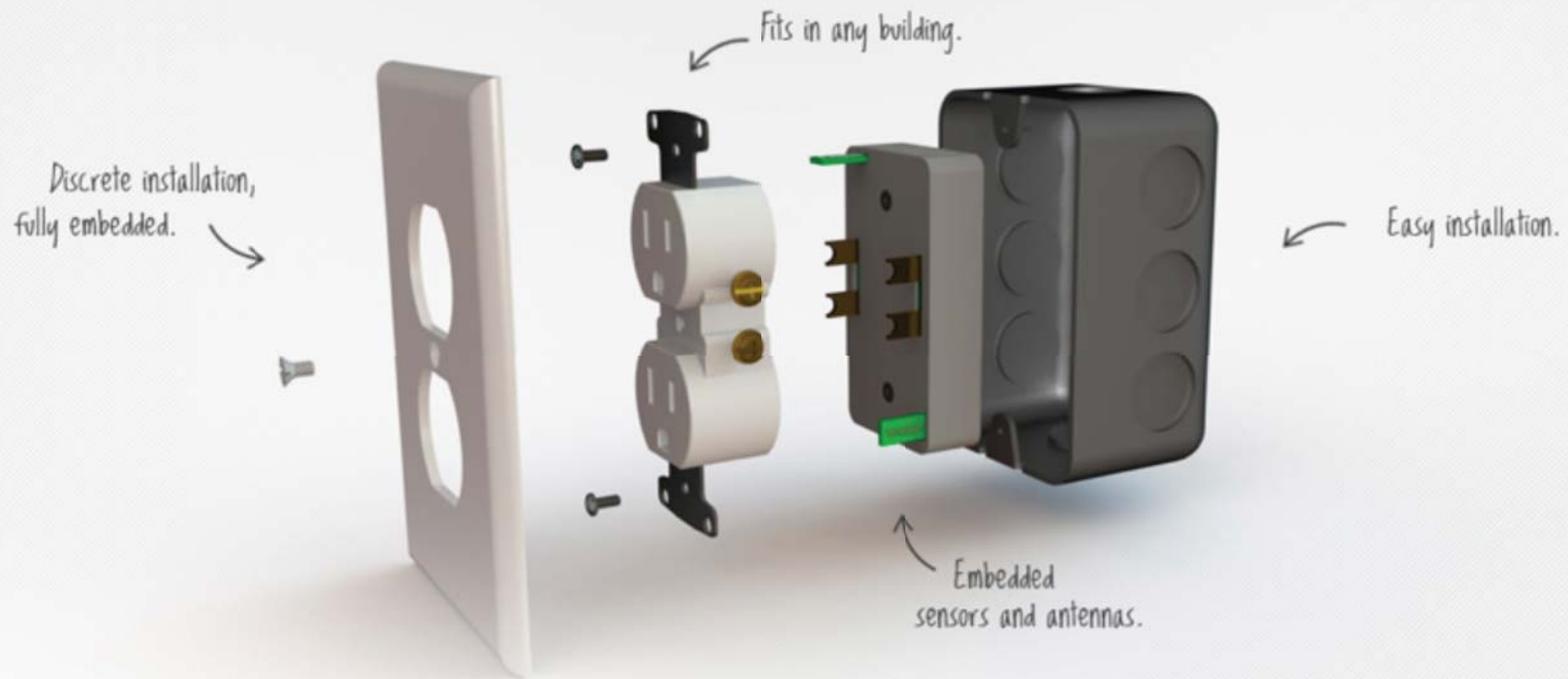

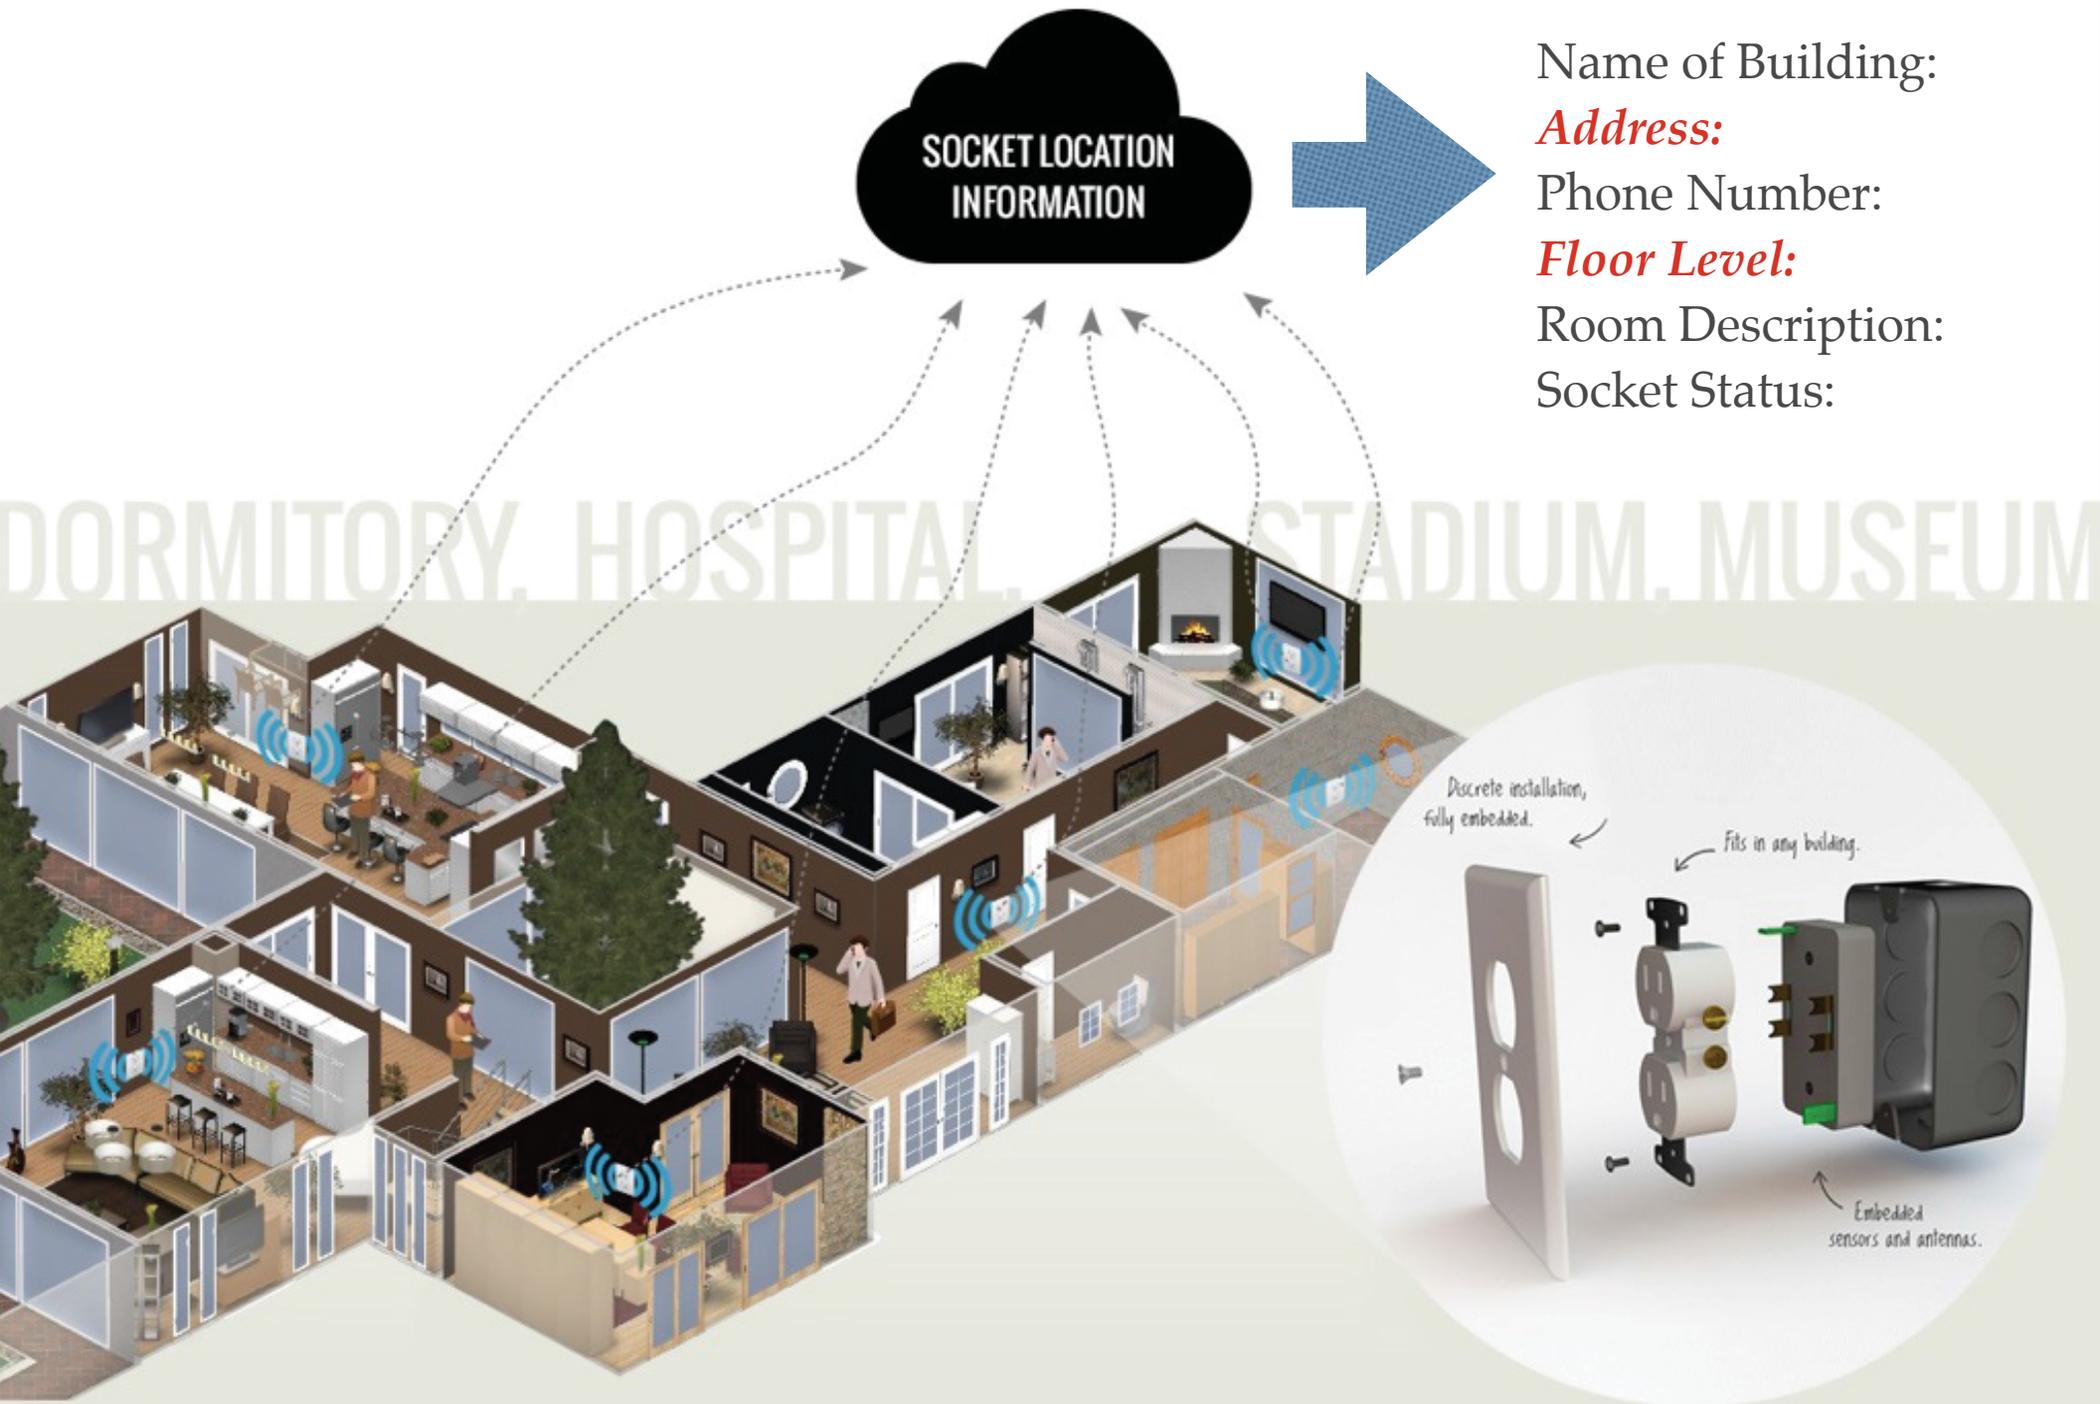

Why Wall Sockets? They Are *Everywhere*

~20.6 billion wall sockets in the U.S.

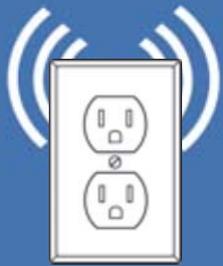

SmarterSocket

SmarterSockets = Beacons = Bluetooth

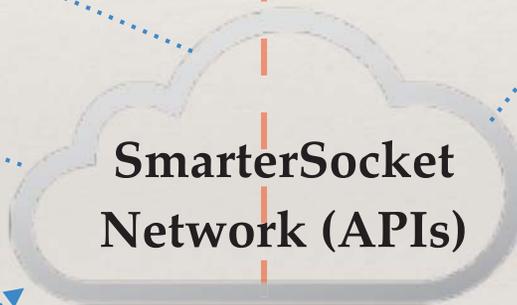

Smartphones and wearables can use signals broadcast from SmarterSockets to determine their indoor location.

Deployment

Public

Private

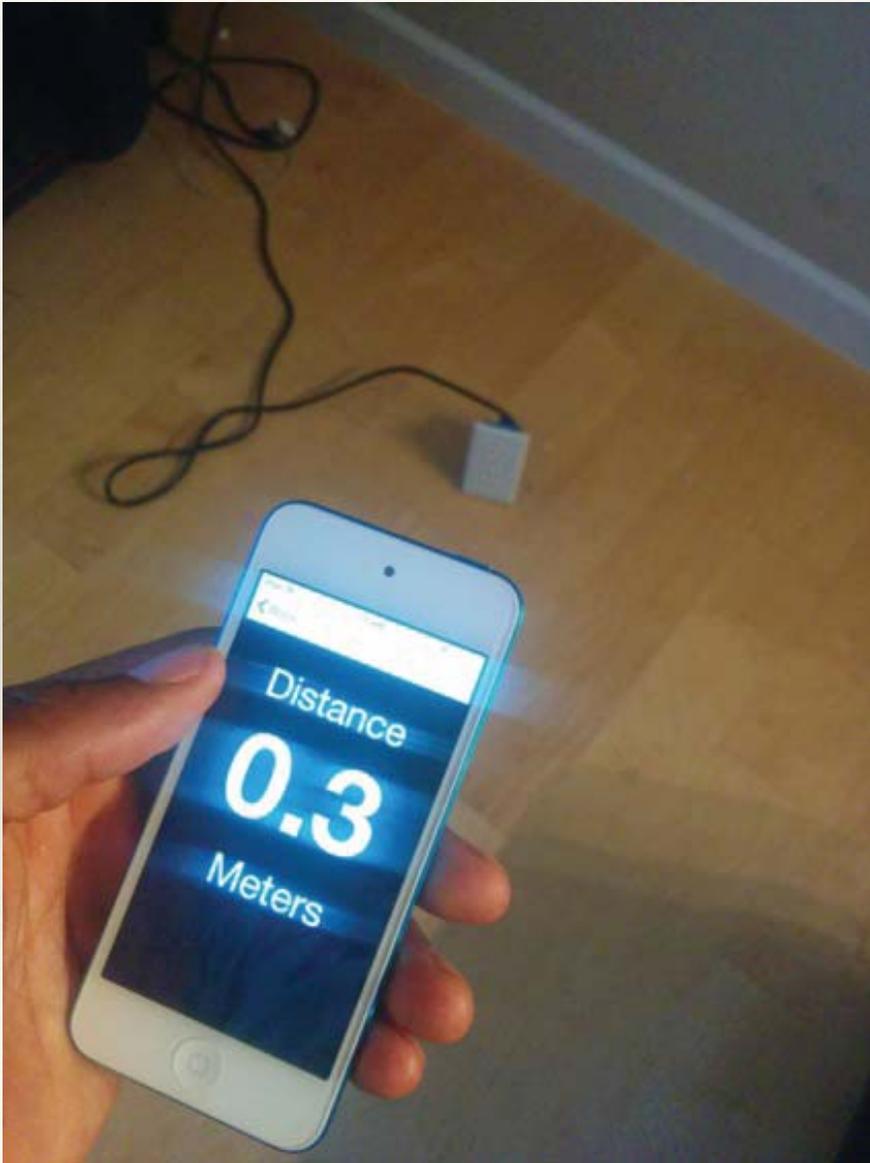

Restaurants, Bars, Gyms, Lounges, SMBs

Apartments, Smart Buildings, Schools

9-1-1: ~~Where is your emergency?~~

Demo & Questions

❖ Thank you!
