I am paying a fee to watch MLB games and I am very pleased with having access to the games. However, I am not happy about blackouts. I would like this practice to be STOPPED. I am a White Sox fan living in Northwest Arkansas. Why should I be penalized when the Sox play the Royals? I am hundreds of miles from KC --- why should I be blacked out?

I am paying for a subscription ---- why should I not be entitled to a refund for games missed??

I would like the FCC to order Major League Baseball to end BLACKOUTS.
