To whom it may concern,

I would like to submit a correction to the library fiber map for four libraries located in Mercer County, Ohio. The map indicates that the following districts have 0% fiber:

Mercer County District public Library - Central (Celina)  
Mercer County District public Library - St. Henry Branch  
Fort Recovery Public Library  
Coldwater Public Library

All of the above listed libraries have 100% fiber availability and some are currently being served on fiber optic service provided by Wabash Mutual Telephone. I would greatly appreciate it if you could correct the map as soon as possible.

I can be reached via email [mikeb@wabash.com](mailto:mikeb@wabash.com) or by phone at 419-942-1111.

Thank you,  
Mike Boley

**Subject:** Fiber Connectivity

**Categories:** Orange Category

To Whom It May Concern,

I have looked at the map for the Blue Ridge Regional Library's connectivity to fiber and, if I'm reading it correctly, we are listed as not being connected. I would like to inform the FCC that we are connected by fiber optic cable between all of our branches. We don't have fiber connections within the actual buildings from computer to computer, but we do have fiber coming into the building for our Internet connection. The five branches in our system are the Bassett, Collinsville, Martinsville, Patrick and Ridgeway branches. If you need more information, please do not hesitate to contact me.

Thank you,

Rick Ward  
Director  
Blue Ridge Regional Library

**Subject:** Fontana Regional Library system in Western North Carolina

**Categories:** Orange Category

Correction to your map –

Fontana Regional Library has fiber to 5 of its 6 libraries:

Marianna Black Library (NC0008-005)

33 Fryemont St.

Bryson City, North Carolina

(Swain County)

download speed – 34 Mbps

upload speed – 50 Mbps

Jackson County Public Library (NC0008-002)

310 Keener St.

Sylva, North Carolina

(Jackson County)

download speed – 24 Mbps

upload speed – 26 Mbps

Albert Carlton-Cashiers Community Library (NC0008-008)

249 Frank Allen Rd.

Cashiers, North Carolina

(Jackson County)

download speed – 12 Mbps

upload speed – 30 Mbps

Macon County Public Library (NC0008-003)

149 Siler Farm Rd.

Franklin, North Carolina

(Macon County)

download speed – 21 Mbps

upload speed – 40 Mbps

Hudson Library (NC0008-004)

554 Main St.

Highlands, North Carolina

(Macon County)

download speed – 27 Mbps

upload speed - 35 Mbps

The download and upload speeds are based on tests conducted by our IT department early this month.

The Fiber is managed Ethernet through BalsamWest FiberNet – the only provider out here; since Frontier, Verizon, AT&T, etc. refuse to provide service in this rural area, but did convince the State to prevent local

municipalities from doing it themselves, all with the FCC's blessing.

I was unable to access our data from the map, so I'm unsure if it is correct.

Coffeeville Public Library, our HQ library, will upgrade to 10 MB Fiber in 2015. The Branch, Oakland Public Library, is upgrading to 3 MB DLS and does **NOT** have fiber.

Library Name: Coffeeville Public Library  
FSCS Id.: MS 0002-003  
Connection Type: 10 MB Fiber

Library Name: Oakland Public Library  
FSCS Id.: MS 0002-002  
Connection Type: 3 MB DSL (**NO FIBER**)
